

# 2017 Golf

Exceptional exists  
for less than you think.

From only \$20,940.\*

The 2017 Golf is the perfect combination of versatility and performance, which makes it ideal for both urban adventures and out-of-town excursions. The turbocharged engine delivers plenty of power to get you and a ton of gear to your favourite "secret" location. Meanwhile, the perfectly adjusted suspension system handles sharp turns and tricky traffic with ease. Inside the 2017 Golf you'll find everything you need for your endless pursuit of fun. Available App-Connect with voice command lets you stay in touch with your friends without lifting a finger. It can also serve you with directions to the best BBQ restaurant. Discover the modern hatch whose personality is as fun as those who drive it. And discover an attention to detail you don't always find in this price range.

## Key Features

### Available App-Connect<sup>1</sup>

It's intuitive and easy to use. With simple voice commands you can search for your favourite tunes, find an interesting new place to eat, and stay in touch with family and friends. You can also dictate text messages and have incoming texts read to you. Works via Android Auto™, Apple CarPlay™ and MirrorLink™.

### Available Bi-Xenon headlights

They're brighter. They last longer. They consume less energy. And they're smarter. In fact, the Bi-Xenon lights have an Adaptive Front-light System that turns up to 13 degrees around corners before you do. Smart indeed.

### Available KESSY keyless entry with push-start button

Avoid searching for your keys in your pocket or purse. Simply walk within 1.5 metres of your vehicle and the door automatically unlocks when you pull the door handle. Then the engine can be started by simply pushing the Start button.

### Available Fender® Premium Audio System

Enjoy your tunes with 400 watts of power pumped through 8 speakers that surround you with sound. The Fender® Bassman speaker at the rear of the vehicle gives your deep, rich low tones.

### 60/40 split folding rear seats with centre armrest and rear pass-through

Comfort meets practicality. The fold-flat rear seats and centre armrest give you the room you need, whether it's for your mountain bike or your elbows.

### Available Adaptive Cruise Control<sup>2</sup>\*\*

Adaptive Cruise Control automatically regulates your speed and distance from cars ahead without you having to touch gas or brake pedals. You can also specify the distance between you and the car ahead.

<sup>1</sup>Do not drive distracted. <sup>2</sup>Driver assistance feature. Drivers must continue to perform manual checks before proceeding and pay full attention to the road. <sup>\*\*</sup>In emergency situations, it is still necessary to apply the brakes manually.
