

2017 e-Golf

Electrifying performance.

All Golf and all electric, the e-Golf is the first 100% electric vehicle in Volkswagen Canada's lineup. Start it up and you'll experience what a thrilling electric motor with 214 lb-ft of instantaneous torque means on tight city streets and steep, challenging hills. Glance at the available 9.2" Discover Pro centre display and see what 201 km looks like with dynamic range predictions courtesy of our Range 360 tool.¹ Take it through a busy intersection and watch heads turn to admire a refreshed Golf design that's all style, all the time. Add in its suite of exceptional energy-saving technologies and 40 electrifying colours,² and you're left with an electric vehicle that gives you everything, for a price that'll surprise you.

Find your perfect shade at vwmodels.ca/egolf - choose from 30 custom exterior colours, available for an additional cost of \$2,995. ¹Oryx White Pearl is available for an additional cost of \$450.

Key Features

Heated windshield

We've finally put the blower/fan defogging technique to rest with these standard heated windshields. Whether you flick them on yourself or let them turn on automatically, these humidity-controlled windshields rapidly defog and thaw when the weather calls for it - saving you energy, and time.

214 lb-ft torque; 0-100 km/h in 9.6 seconds[‡]

With 214 lb-ft of thrilling, instantaneous torque like this, you'll know what electrifying performance feels like the moment you push the pedal. So whether you're merging on the highway or powering up a hill, the e-Golf proves you don't need fuel to have plenty of heart-pounding fun.

C-shaped LED daytime running lights

Bright, bold, and visible even in the daylight, these head-turning LED lights are cool to look at, energy efficient, and exclusive to the e-Golf.

Climatronic[®] including driver-only "Eco" mode

Both driver and passenger can set the temperature for their side of the cabin. When you're driving solo, the passenger temperature zone is automatically disabled - saving you energy without you lifting a finger.

Available 9.2" Discover Pro with gesture control[†]

Whether you're swiping through songs with the gesture control feature, amplifying your voice through your speakers with our voice enhancer feature, or enjoying dynamic range predictions courtesy of the Range 360 tool - you'll soon see the 9.2" Discover Pro is our best centre display yet.

Regenerative braking modes

Every e-Golf features four adjustable stages of battery recuperation that you can cycle through with a simple flick of the shifter. Each mode recuperates energy that you'd lose in a conventional vehicle and recharges your battery - because in the e-Golf, even stopping keeps you going.

¹Do not drive distracted. Drivers must pay full attention to the road and safe driving at all times. [‡]Please drive safely and obey all traffic laws, including speed limits.

Comfortline

Motor:

- 100 kW / 134 HP electric motor, single-speed transmission
- Torque: 214 lb-ft

Comfortline includes:

- 16" Astana aerodynamic alloy wheels with low-rolling-resistance all-season tires, locking wheel bolts
- 201 km range (NRCAN combined)¹
- 35.8 kWh high-voltage battery
- 50 kW DC Fast Charging, Combined Charging System (CCS)
- 7.2 kW AC onboard charger
- Adjustable front centre armrest with storage
- App-Connect smartphone integration (Android Auto™, Apple CarPlay™, MirrorLink®)
- Auto-dimming interior rearview mirror
- Automatic headlights with coming and leaving home function

Volkswagen

A limited number of 2017 e-Golf vehicles will be available for sale in Canada.

¹Combined range estimate based on Natural Resources Canada (NRCAN) approved guidelines for MY2017. City rating is 1.9 L_e/100 km and highway rating is 2.1 L_e/100 km. Please refer to NRCAN's 2017 Fuel Consumption Guide (<http://www.nrcan.gc.ca/energy/efficiency/transportation/cars-light-trucks/buying/7487>) for more information. Full charge required. Actual driving range will vary based on driving and charging habits, weather and temperature, battery age and vehicle condition. Battery capacity decreases with time and use. See owner's manual for details.

²30 of the available colours are custom paint colours, available at an additional price of \$2,995 plus applicable taxes. For more information, please visit vwmodels.ca/egolf.

© 2017 Volkswagen Canada. Features noted as available are available in optional packages or on higher trimlines. Items, specifications, availability, standard features, options, fabrics and colours are subject to change without notice. Volkswagen Canada is not responsible for errors in typography or photography. Some features may be unavailable when your vehicle is built or available at extra cost. Although we endeavour to ensure that the information is accurate, as errors may occur from time to time, customers should contact their local Volkswagen dealer for details. Tires are supplied and warranted by their manufacturer. The vehicle is sold equipped with four all-season tires. However, please remember that the use of winter tires may be mandatory in your province or territory. Airbags are supplemental restraints only and will not deploy under all accident scenarios. Always use safety belts and seat children only in the rear seats, using restraint systems appropriate for their size and age. The navigation system depends upon signals from the GPS network and is designed to provide you with suggested routes only. Discrepancies may occur between the mapping and the actual location due to changes in street names, construction or other road system changes which are beyond the control of Volkswagen Canada. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route.
